

## BENITO -Urban

By Eugeni Quitllet © ® BENITO

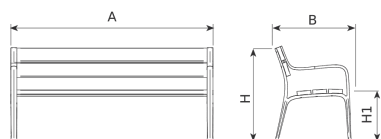

UM301SPR

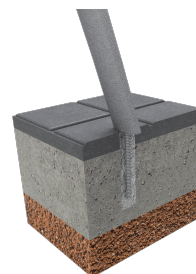

Bench made of recycled polymer which is also recyclable, recovered from waste selective collection. Seat and backseat made of 110 x 40 x 1800 Rebnew boards, frame with armrests **made from high-pressure injected polymer and presented in Marson finish**. No maintenance required. This material does not chip, crack, rot or dry up. Highly resistant to moisture and bad weather conditions. Screws in stainless steel.

Recommend anchoring method: Ø10 expansion bolts, depending on the surface and the project.
